Experience

Cramer-Krasselt, Chicago, IL   April 2016 - Current
Developer
- Lead front-end development on a number of internal and external projects while creating a more efficient and sustainable workflow.
- Worked extensively with PHP-based Content Management Systems (WordPress, CraftCMS).
- Advocated for, researched and created a style, architecture and best practices guide for the growing team of developers.
- Responsible for testing and debugging sites across a wide range of devices and operating systems.
- Acted as a consultant between internal Creative teams and external vendors.

Cramer-Krasselt, Chicago, IL   January 2016 - April 2016
Front-End Web Development Intern
- Assisted in the development of a multi-phase microsite for Porsche.
- Refactored an internal jQuery plugin to handle additional forms of analytics tracking.
- Used various prototyping tools (InVision, Flinto, Angular) to create both low and high-fidelity prototypes.

Leo Burnett Interactive, Chicago, IL   June 2015 - August 2015
Front-End Web Development Intern
- Developed, maintained and fixed defects on various websites for internal and client projects (Allstate, ComEd, Marwen, etc.).
- Two other interns and I worked closely with producers and designers to develop Leo Burnett's 80th anniversary website incorporating Video.js, Foundation and BoltCMS.
- Worked with the user experience team to provide intuitive, cross-platform interfaces.
- Exposed to various APIs, including Google Maps, YouTube, Vimeo, Facebook and Twitter.
